LIST OF PUBLISHERS

The following list of publishers and their addresses is limited to those whose works are recorded in this Bibliography. It contains a number of societies and institutions publishing regularly, but not every society, institution or individual who has published a work during the year is included here. The addresses of such minor publishers are given in the entries for the works themselves.

While every effort has been made to check the information given in this list with the publishers concerned the Council cannot hold itself responsible for any errors or omissions.
